DETAILED ACTION

The Examiner for this application has changed to Vera Stulii (AU 1794).

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-17 are rejected under 35 U.S.C. 103(a) as being unpatentable over Green et al. (US 2002/0068121) in view of Kuhrts (US 2003/0091656) for the reasons as stated in the Office action mailed 12/17/2008.

Response to Arguments

Applicant's arguments, see page 5 of the Reply, filed 03/17/2009, with respect to the rejection of claims under 35 U.S.C. 112, second paragraph have been fully considered and are persuasive. The rejection of claims under 35 U.S.C. 112, second paragraph has been withdrawn.

Applicant's arguments filed 03/17/2009, with respect to the rejection of claims under 35 U.S.C. 103(a) have been fully considered but they are not persuasive.

On page 5 of the Reply, Applicant states that "Green et al. is only concerned with blends of different isoflavones. There is no motivation for the skilled person to substitute a completely different chemical entity for one of the Green et al. isoflavones". In response to this argument, it is noted that both references disclose anti-inflammatory agents. Green teaches the blend of isoflavones as anti-inflammatory agents. Kuhrts also discloses hop acids as anti-inflammatory agents that also have additional anti-

microbial properties. Therefore, one of ordinary skill in the art would have been motivated to modify Green et al and to include isomerised hop acids for their anti-inflammatory and anti-microbial properties in the composition disclosed by Green.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
